I love when a man can find the right spot to get me off. Something about pleasure and all makes it worth-while. I love it when at man knows how to find my G-spot and can get me off. If he does, then I will. That's really hot.

When it's me and my lover,
I prefer the missionary po-
sition with me on the bot-
tom, but with a pillow on-
der me to elevate my hips.
I can feel more of him
inside me that way. When
I have sex with others, I
usually do it doggy style
or with me on top. While
it feels really good with
others, it's not as good as
with him. But either way, I
love sex and look forward
to it everytime.

are you in danger of losing your man? one word can help save your relationship...

One of the most honoring and sexy ways a man can be pleased is when a woman adores his cock. One of the best ways to do this is to suck it for him. And I don't mean just lightly lick it, I mean take it in your hand, devour it, lick it hard, suck it hard and feel it down your throat.

First of all, men know if you like doing this or not, just by how you go about it. If you don't like it, he will know because the enthusiasm is not there. Be passionate about

giving head. Go for the

gusto and it will turn him on so incredibly that he will say "I had the BEST blowjob today," and he will remember it for many hours of masturbation later.

As a woman, be in charge of the blowjob and be one who wants to seriously give her man pleasure. You are in control of him in this moment. Here are some tips for truly making love to your partner's penis:

To give the best blowjob ever you will need to put some effort into it. Putting the penis in your mouth and simply going up and down on it will accomplish nothing, this is not a blowjob. You hold the power to give the best blowjob ever so unleash it!

Let him watch as you master his cock. If you are lying on the bed between his legs, or if he is standing looking down, he is intently watching you. Use one hand to stroke his tummy, balls, up and down his legs, thighs, nipples, and

hold his cock with the other hand so you can guide it carefully away from your back teeth. Guys who pull your hand away sometimes regret it because they don't realize you are keeping his precious head from those sharp grinders in the back of your mouth. If they've pulled your hand away though, it might be an indication that you were squeezing too hard, or that he wants you to take his cock deeper into your mouth, especially if he is small (4" or less) and your hand takes up most of the length of the shaft. Going all the way down is incredibly pleasurable for the man to see his cock disappear down your throat.

Men like their blowjobs sloppy wet, there can never be too much saliva during oral sex. If this is a problem keep a glass of water nearby to help keep the juices flowing.

Suck his balls. Men don't usually get a lot of attention to their balls because most women think they'll hurt them. But if you gently stroke them and suck them by taking one into your mouth at a time, tonguing it then moving to the other one, you will see how much enjoyment is derived from this attention. Then use your tongue horizontally up the vein of the cock and feel him gasp when you again, suck the head into your mouth.

While giving oral sex saying things like "you taste so good", or "you are so big", in your sexy voice are a definite plus while getting a blowjob. I am more specifically referring to the verbal communication needed to know what exactly your man is enjoying. Use phrases like, "Do you like it when I do this", or "Which way feels better for you". Communication plays a major role in giving the best blowjob ever.

By humming or making slurping noises during a blowjob you can actually send vibrations throughout the penis which can be very enjoyable for your man.

In my opinion deepthroating is the best blowjob technique ever. There is nothing like watching an entire penis come spilling out of your partner's mouth. The flicking and wag-

It's no mystery that fellatio is one of the, if not the most, pleasurable aspects of sex. Nothing demands more attention than a man's penis. It needs attention during almost any aspect of any sexual act. But in the intimate moments between a man and his partner, it needs even more attention because it can be the determining factor in keeping a relationship strong.

Fellatio

ging of your tongue using good pressure is very pleasurable. Try twirling it around the head one way, than the other way. Again, this will bring gasps and moans.

Another little trick that makes my

my tongue in before the skin folds back with my motion. Pressure is important too. Squeezing with your lips as you move up and down is very important.

And last but not least, swallowing cum. I have asked men which they prefer. A woman swallowing his cum or him jacking off in the last seconds before he cums, onto her breasts, ass or whatever. Many men grew up watching porn and in all porn, pulling out of the mouth and other orifices is the norm, so the viewer can see the glorious "cum shot." As a result, many men associate an awesome orgasm with pulling out and cumming on her breasts, face, tummy or ass as he strokes. It is

a turn on to see the fruits of your labor for sure, or feel the warm love juice on your breasts. "Do you swallow?" is one of the most asked questions. This is because if you remember in the beginning, my first point was; a man's ego lives in his penis. If you swallow his ambrosia, his ego is given the ultimate compliment.

After he cums in your mouth, slowly pull away and leave the penis alone now. It is painfully sensitive and can't bare any more attention for a few minutes. A nice warm washcloth placed on his shaft and scrotum feel lovely to him while he is resting and recuperating.

You are now equipped with some knowledge of how to pleasure your partner in ways he might not be familiar. Listen to the noises he makes and be acutely aware of what makes him happy. If you want to make him cum as opposed to just warming him up for hours of pleasure, just remember these things and put them into practice – every chance you get.

men gasp with pleasure is when I use my teeth ever so gently on the cap of the penis. Be sure there is a lot of saliva for gliding your teeth on. I start out by having my teeth clenched together at the tip of the penis. Then as I glide down the cap I slowly open my jaws. My lips are closed around the shaft as my head moves downward. Then I flick my tongue as my teeth give way and cause a suction with it. This sensation seems to bring a new experience to each recipient.

While some men enjoy a little nibbling, there is nothing worse then the pain that can be felt from scraping teeth. Some scraping is going to occur there is no way to prevent 100% of the scraping especially when your going fast and furious. You can prevent some of the scraping by using your lips to cover your teeth as well as being aware of the position of the penis.

Most men who are uncut are extremely sensitive when you expose his penis by pushing the skin all the way down and holding it down to suck him (but be careful here as some can find this painful). You have to ask the man which he prefers. Exposed or unexposed. Sometimes I try to leave the skin up and stick my tongue between the outer skin and see how far down I can slide

The more attention that's paid to the penis, the happier a man will be. Any man. At any time. If you make the blow job an important part of your sexual life with your partner, you'll find he's less likely to stray; less likely to have arguments; and more likely to get that pearl necklace you've always wanted.

One day when I was lunching with some girlfriends, we were talking about porn and I was teased into trying it. So I told my husband at the time and he agreed to have us filmed while we were fucking. At first it was hard to see myself on camera doing the most intimate of things. Now I'm used to it.

I like to wrap my legs around my partner and pull him and his cock into me and squeeze them tight. When I discovered that I liked sex, I was a sex freak. The feeling was so overwhelming that I just had to do it over and over. The rest, as they say, is history.

BUS RIDDEN

Man, I'd love to meet Morgan Reigns from your last issue. She's one great looking babe and she'd be perfect to keep me warm up here in western New York. The winters get cold and they go on and on, but Morgan could keep me warm and entertained over the long winter months. Right now Lake Erie is my mistress but I would gladly swap her for Morgan.

Les, Buffalo

Every day I ride the 151 bus down Lake Shore Drive to my job on Michigan Avenue. Everyday it is packed with suits and chicks in suits and some hot chicks who work at the stores on the avenue. It's always standing room only and bodies are smashed against each other. Rarely do I get a chance to sit down, or when I do, I usually give up my seat to a chick.

Today I managed to get a seat for a couple stops. When we got to Oak Street this really hot chick got on and tried to make her way into the bus. She slowly shuffled her way towards the back and stopped just in front of me. I tugged on her sleeve and offered my seat. She politely refused and just looked away. Stop after stop the bus became more incredibly packed. I notice a guy work his way back and settled in behind her and bumped kinda hard into her as the bus jolted forward. She turned her head and peered at him with the corner of her eye and saw him smile at her. It was so crowded there wasn't even room to move anymore. I kept reading my paper but noticed that he was squirming as he stood there.

I noticed that a bulge in his pants was nestled right in between her cheeks and with every bump and stop she felt him grind a little harder. She instinctively would arch her back to accommodate him and grind back getting hotter every minute with every stop the bus made. It seems that no one but me seemed to notice what was going on. I watched as this unfolded

inches from my nose. His hand touched her side and slid down to her hips. She put her hand on his and pulled up a little on her short black skirt. Before she knew it, his other hand slid down her hip, around her leg, up her thigh and up into her panties. I could tell he was fingering her pussy, trying to be discreet.

I heard his zipper unzip and watched as he pulled out his hard cock and slide under her skirt and between her ass cheeks. In one short controlled thrust his cock slid in with ease from the sweat as he slowly brought it to her tight little ass hole, I assume, because the angle could not reach her pussy. She opened her eyes in a silent panic and looked around to see if anyone was watching. I quickly looked down as she began to grimace and I pretended to read. The bus was so crowded no one could even see what was going on from the shoulders down. He pushed in and she pushed back, working his cock into her hole. I bet she could feel him harden inside her as they moved ever so slightly without attracting attention to themselves. Their pelvises twitched and they clutched the bus straps tighter and either or both climaxed. I could not tell who came but did not care.

The bus was approaching Belmont Avenue and they gathered themselves. She pulled her skirt down and straightened herself up a bit. He zipped up and adjusted his shirt and belt. I thought they were a couple having public sex but she turned around after the bus pulled out from Belmont and he was gone. She looked down at me and I made eye contact and gave her a big grin. She looked away and headed to the exit door.

LEGS WIDE OPEN

For the past six months I have developed an online relationship with a lady across town. Recently we talked about meeting for a long weekend staying in a hotel. I was really looking forward to it as secretly I had been fantasizing about her licking my pussy while I was masturbating. I wasn't sure if she felt the same way but I was hoping that I might feature in her fantasies also as we were prone to flirt with each other. It was a bit difficult to approach the subject as we are both women. But we finally did and picked last weekend to meet.

I turned up at the hotel that night not sure what to expect. I have to point out here that I have only ever been with men but do fantasise about being with a woman and watching her pleasure herself, so the prospect of anything happening was really erotic. We met in the lobby and checked in. She was just as she described herself and told me I was pretty and she was very excited to meet me. Already my panties were getting wet and I hoped hers were too. We went up to the room and dropped our bags. I had brought the wine and she brought the glasses, so we popped the cork and sat on the bed to get to know each other better. Things were a little stilted at first as it was a bit awkward having never met before but after a few glasses of wine and a lot of laughing things got much more comfortable. We changed out of our street clothes and headed back to the bed. I was wearing shorts and a t-shirt and she was wearing a short nighty which fitted tightly over her breasts. I remember catching my breath as she changed position and her legs opened and I could see that she wasn't wearing any panties. I tell you I almost came right there and then and I was sure that she could tell that I was squirming a little and rubbing my throbbing clit with my legs.

I was trying hard to think of how to approach

the subject of getting to know each other a little better when she just asked me if I liked to masturbate. What could I say but yes. I told her that I did it often, and having had a good few glasses of wine, I admitted that she featured in a lot of my fantasies. She said she was quite flattered and was happy to be here with me.

She told me that she thought about me also while she was climaxing and that she often thought about me licking her. She then slid back on the bed, slipped off her lingerie and lay down on her back facing me exposing her pussy and asking if I wanted to watch her? I smiled and got closer, sitting on the edge of the bed just below her hips. She used both hands to rub her pussy and then she put a finger in her mouth and then inserted it into her vagina.

I was so turned on that I took off my shorts and exposed myself to her. It was so totally wonderful, we just lay there our legs wide open while rubbing our clits like nothing on earth, both concentrating on reaching a really powerful orgasm together. I couldn't take my eyes off the sight of her going at it, rubbing her clit, then slipping her fingers inside. It was so erotic knowing that she was watching me do the same. We both came really hard and fast. Then I reached over and started rubbing her pussy. She took my hand and pushed a few fingers into her soaked pussy. I stood up and did the same with her fingers into my pussy.

I think this is going to be a great weekend.

— Sofia, New Orleans

Dear Editor,

Thank you for the pictorial of Lea Moore in a recent issue of **40+**. I liked the cover model Morgan and she is one reason that I bought it, but Lea really caught my eye. She looks like she really likes sex and I like a woman who likes sex. I especially enjoyed the photos of her taking it in then ass. And I'd like you to know that seeing her in action on the free video at your website is even more exciting.

Todd really knows how to make me happy!

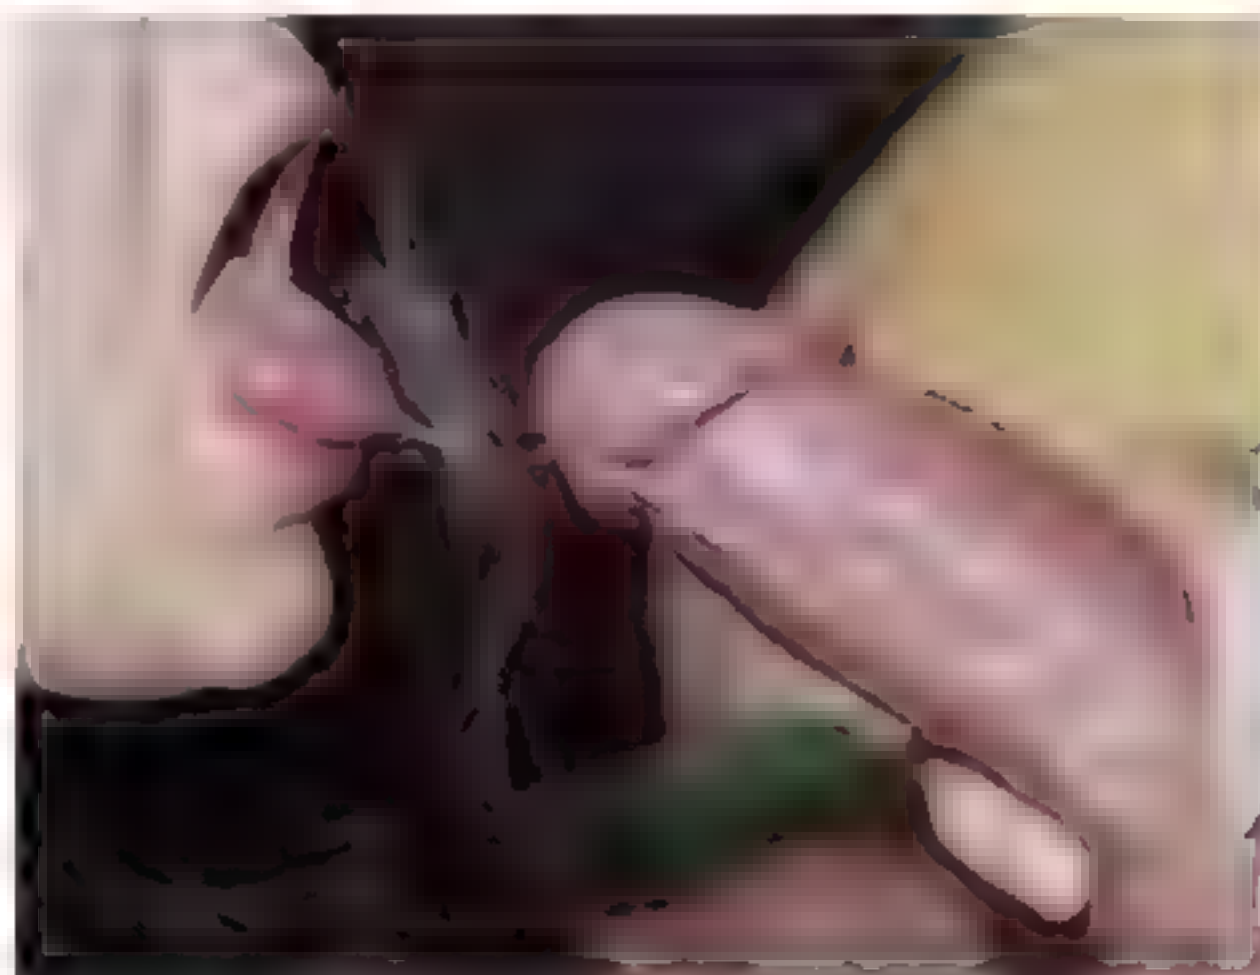

my husband... so thoughtful

One September evening this past year, Todd talked about going out on Saturday night for a sexy evening of fun. I took that to mean that either we would be attending a club or would hit one of the local fun bars and I should wear a short, sexy dress, heels and nothing else. Todd loves it when I flash my pussy to unsuspecting men and really enjoys checking out their reactions, not letting on that we are aware of what just happened. We usually go home to a steamy night of sex. I've got to say that the thought of those men masturbating while they're fantasizing about fucking me is a great turn on and I always have a great orgasm.

For tonight, I closely shaved my pussy leaving only a small dark well-trimmed patch. I wore a short, clingy almost-black dress and six-inch high heels. And tonight, no panties. We went to a bar not far from our house and the place was fairly crowded. After a while I noticed a very attractive man enter and sit at the bar area. He appeared to be about forty-five, very handsome, with an athletic build and a certain look of confidence about him. I didn't say anything to Todd but I noticed that this gentleman seemed to be checking us out. After a while the man came over and stood near our table and we soon all struck up a conversation. His name was Edward and he told us that he was supposed to be meeting a friend but it appeared that he had been stood up. Todd invited Edward to join us and of course, I didn't have any objection. After a while Todd and Edward took turns dancing with me. As my husband and I were on the dance floor he told me that Edward was in fact, a guy that he met online and that they had been messaging one another about meeting this evening.

Todd asked me if I was upset about it and I replied that I was not and that I found Edward to be quite sexy. We both decided to play out the evening and see where it would lead. After one particular dance with Edward, a slow song came on. He looked a little unsure about what to do, so I took him by the hand and began slow dancing with him. He was very respectful, but as our bodies touched and swayed to the music, I

couldn't help but feel his cock begin to stir. I very subtly moved against it and could feel it begin to grow, so I knew that he was getting turned on. I liked the thought of that. As the dance ended, we returned to our table. Edward excused himself to go to the rest room and Todd asked me if I was enjoying myself. "Of course" I said. Here I was being showered with attention by two

very attractive men and I felt that all the single girls at the bar were looking on with envy. Todd asked if I would be up for inviting Edward back to our house for a nightcap and to see if we might make our long talked about fantasy a reality. I was nervous but decided that if Todd was okay with it then I would be as well. We asked Edward if he would like to join us for a nightcap and he readily agreed. He followed us home and as we entered our house, I excused myself to use the upstairs bathroom and to freshen up a little bit.

When I came back downstairs, I noticed that Todd had dimmed the lights, lit some candles and had fresh drinks prepared for us. I knew that now there would be no turning back and quite honestly, my pussy was getting really wet in anticipation of what was to come. As we all sat on the couch and talked, Todd began to rub

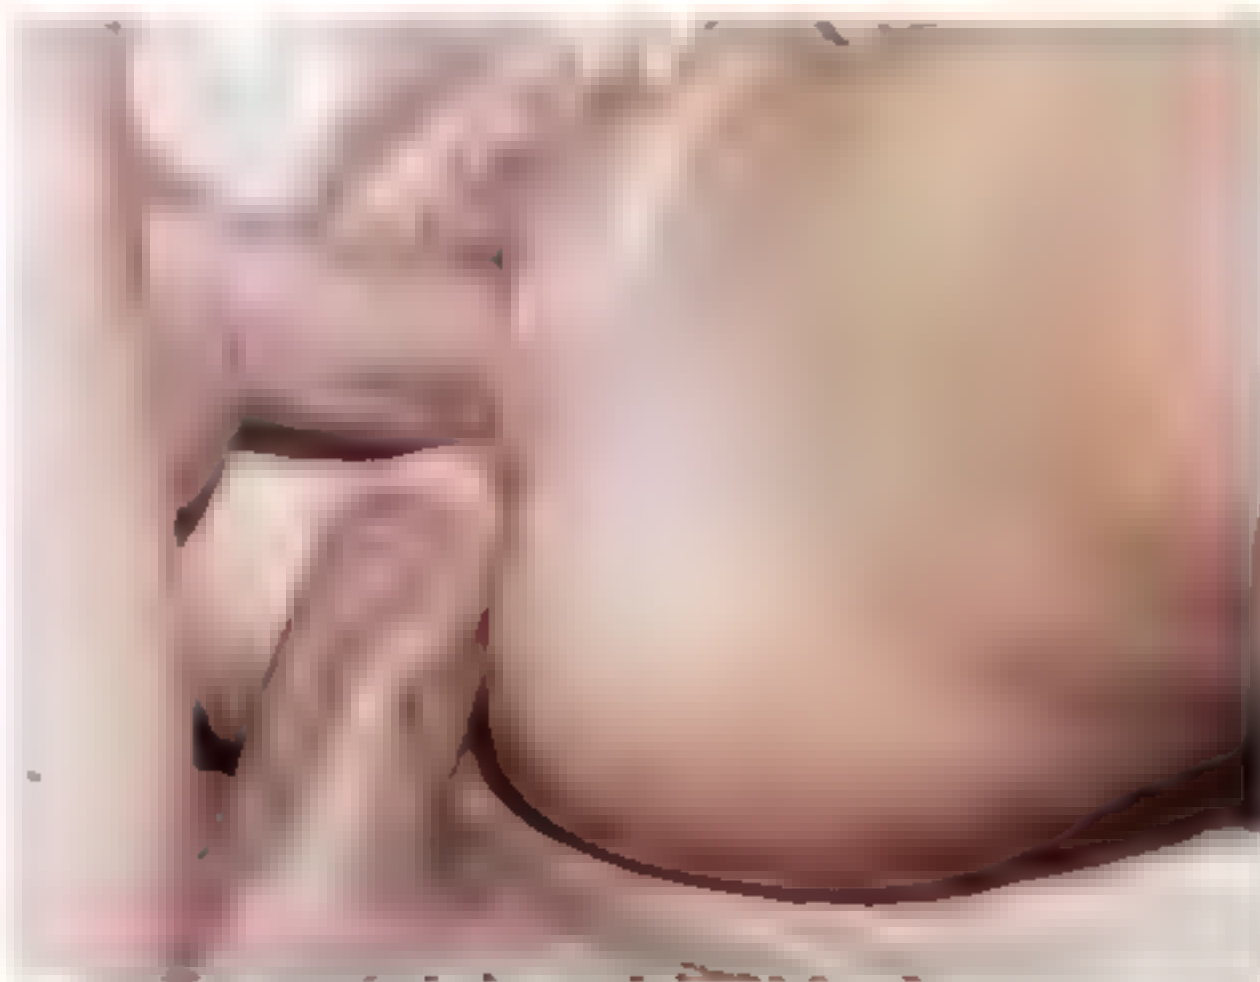

my shoulders and kiss my neck. Edward did likewise and Todd then unzipped my dress, allowing the soft material to slide down my shoulders and arms, uncovering my full breasts. They each began to suck on my nipples as my hands reached for their cocks, both of which were rock hard at this point. Then they pulled my dress off and I now sat between them, completely naked. I got on my knees before Edward and unbuttoned and removed his shirt. I then slowly unzipped his jeans and as I did, I could see his rigid cock straining to be released from his underwear. Edward stood to remove his jeans, and as he did, my face was at cock level. I reached up and pulled his underwear down and his gorgeous cock sprung free. It was quite large and very thick. His balls were large and full and he was neatly trimmed, just as I like. I reached up and began caressing it, rubbing my hands over its massive head, massaging his balls and probing his ass with my finger. My husband whispered in my ear for me to enjoy myself and that this was his gift to me. As Todd began removing his clothes, I pushed Edward onto the couch and took his hard cock into my mouth.

I felt Todd get behind me and slowly began to give my ass and pussy a tongue bath. It felt spectacular and I was already soaking wet and began to come for the first of many times that evening. My body convulsed and my juices saturated my pussy and I knew that this was just the beginning of a fabulous evening. I knew that I was going to fuck both of these fine men and my plan was to first suck them both off so that when I did fuck them, they would last a long time. I continued sucking Edward's huge cock and could tell from his moans that he was getting close. I increased my sucking and licking around his cock's head, as I pumped and stroked his shaft. I could tell that he was getting past the point of no return as his groans turned to grunts and he began thrusting his cock faster and deeper into my mouth. As I felt his cock begin to expand, I inserted one of my fingers into my soaked pussy and then slid it up his ass. That did the trick and he shot a long, thick rope of hot cum down my eager throat. He bucked furiously as I continued pumping him, draining each pearly drop into my throat.

Edward fell back on the couch and I continued to suck on his shrinking cock, drinking up the last few drops. I then turned to my husband and told him it was his turn and began licking him as Edward looked on. As I slowly sucked my husband's cock, Edward came around and placed his mouth between my legs, lapping up my

juices. After a few minutes I came again for the second time. My husband was now exhibiting his familiar signs of an upcumming orgasm and sure enough, he let out a loud groan and released his hot load into my mouth. I turned and gave Edward a kiss and as our tongues met, Todd's cum swirled between us. Edward never missed a beat and he continued to kiss me. I knew at that point that Edward was probably quite adventurous and that he would be willing to indulge me in my ultimate fantasy, a hot double penetration.

Todd temporarily excused himself to go to the restroom and to make another round of drinks, and while he was gone, Edward and I lay in front of the fire, kissing and gently stroking each other's sex. He began to get aroused again and I could see his cock springing back to life. I kissed and nibbled my way down his chest

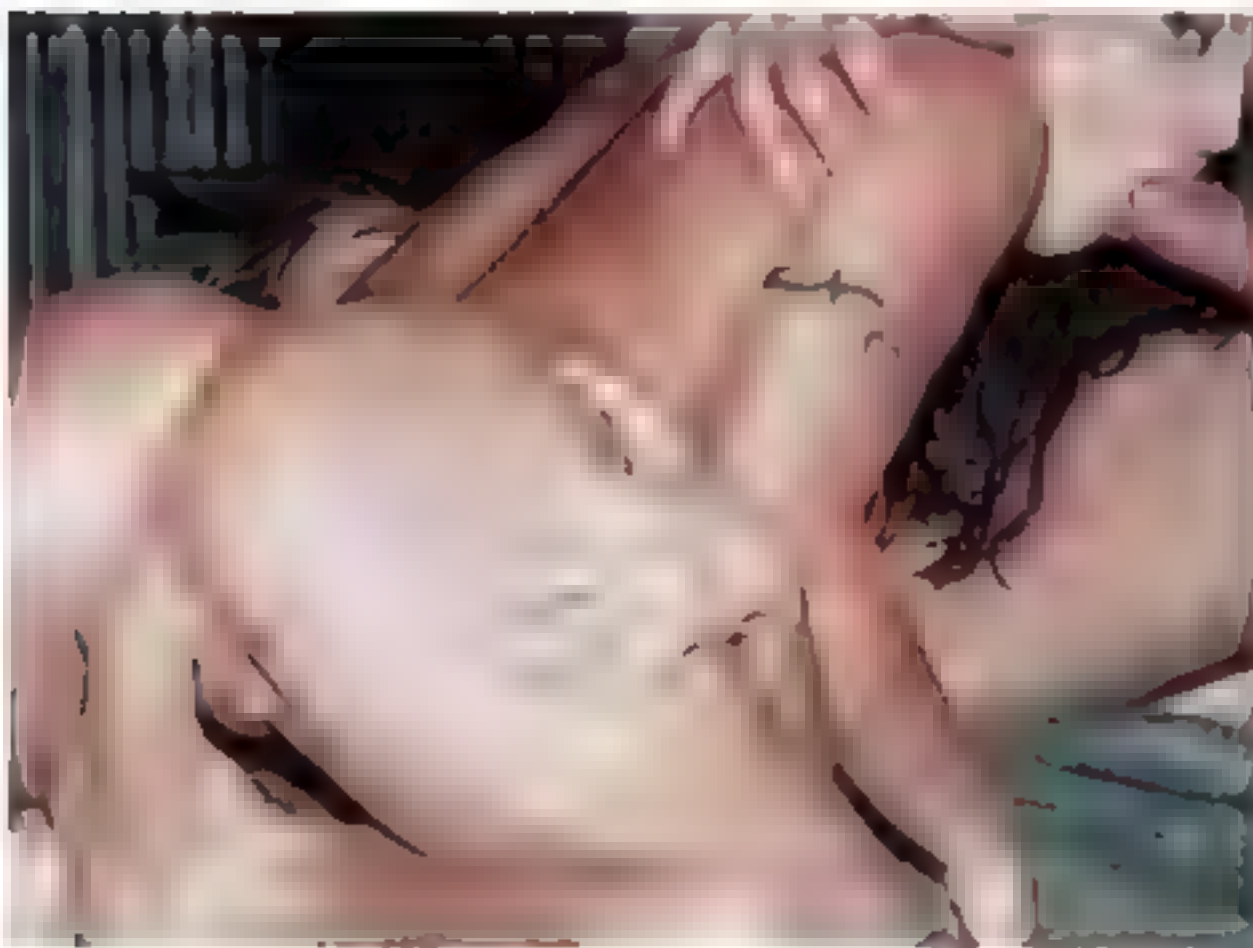

and soon was again licking his cock and balls. It wasn't long until he was at full attention. I really wanted to fuck him so I positioned myself on top of him and lowered my eager pussy onto his thick cock. "Oh my god!" I moaned as it slid all the way in. It felt so good. I slowly rode his cock up and down and enjoyed the sensation. It wasn't long before I came once again, my juices running from my pussy onto his balls. As I opened my eyes I saw my husband standing there with drinks in hand, a big smile on his face and his cock erect and eager for action. I knew that this was the perfect opportunity to experience my ultimate fantasy.

My ass was extremely lubricated from my recent orgasm and as Edward and I slowed our rhythmic fucking, Todd slipped his cock into my ass. It was everything I thought it would be and felt incredible. Two

men taking me at once, their engorged cocks separated by only a thin membrane, fucking me to delicious orgasm in perfect rhythm. They each pumped me gently as I rode up and down on their cocks. This went on for about ten minutes and I was experiencing one intense orgasm after another when I began to feel their actions intensifying. Edward cried out as he arched his back and pushed his cock even deeper into my pussy. I could feel his next load splashing deep into my abdomen and it made me feel even sexier than I already felt. This action sent my husband over the edge and he erupted his second load into my tight ass. I've never felt so alive and desired and I came again for about the sixth time that evening. We collapsed on each other, a mass of flesh all sweaty and spent. Everyone untangled and we finished

I he sight of his body and cock brought back the previous evening's fun and I could feel my pussy begin to dampen. As I handed him the coffee, I couldn't help but reach out and stroke his cock and that's all it took for it to grow to its full, magnificent size. We climbed onto the bed and got into a 69 position immediately, each of us hungrily taking the other's sex into our mouths. As I came again, I got on my hands and knees and begged him to fuck me one last time. I told him that I wanted it hard and that he should just take me for his pleasure. I didn't have to ask twice as he slid his erect cock into my pussy and began to piston himself like a jackhammer, in and out, his stomach and balls slapping against my ass.

I arched my back and moved back against him in unison, taking his cock deep inside me. I came one more time with an incredible shudder and

They each pumped me gently as I rode up and down on their cocks. This went on for about ten minutes and I was experiencing one intense orgasm after another.

our drinks and lay before the fire.

As it was very late and Edward lived about an hour's drive away, we invited him to stay in our guest room. We made him comfortable and said our good nights. I couldn't help but give his lips and cock a good night kiss. As I went back to our bedroom, I could feel Edward and Todd's cum begin to leak out of me and run down my leg. What a wonderful sensation. My legs were weak and I smelt of sex, but oh did I feel like a woman. The following morning, I awoke early, took a quick shower and brushed my teeth and went downstairs to make some coffee. My husband was sound asleep, but I heard some stirring coming from Edward's room and figured he must be preparing to head home. I brought him up a cup of coffee and knocked on his bedroom door.

I entered and saw that he was still completely naked

as I did, Edward held my hips steady, rammed his cock all the way to the hilt and let out a long, guttural grunt. I could feel his cock spasm and he sent rope after rope of hot, thick sperm into me. His orgasm went on for about a minute and when he pulled out, large goblets of his cum dripped onto the sheets. Not wanting to waste a drop, I licked up his seed from the sheet and cleaned his cock with my mouth, swallowing every last drop.

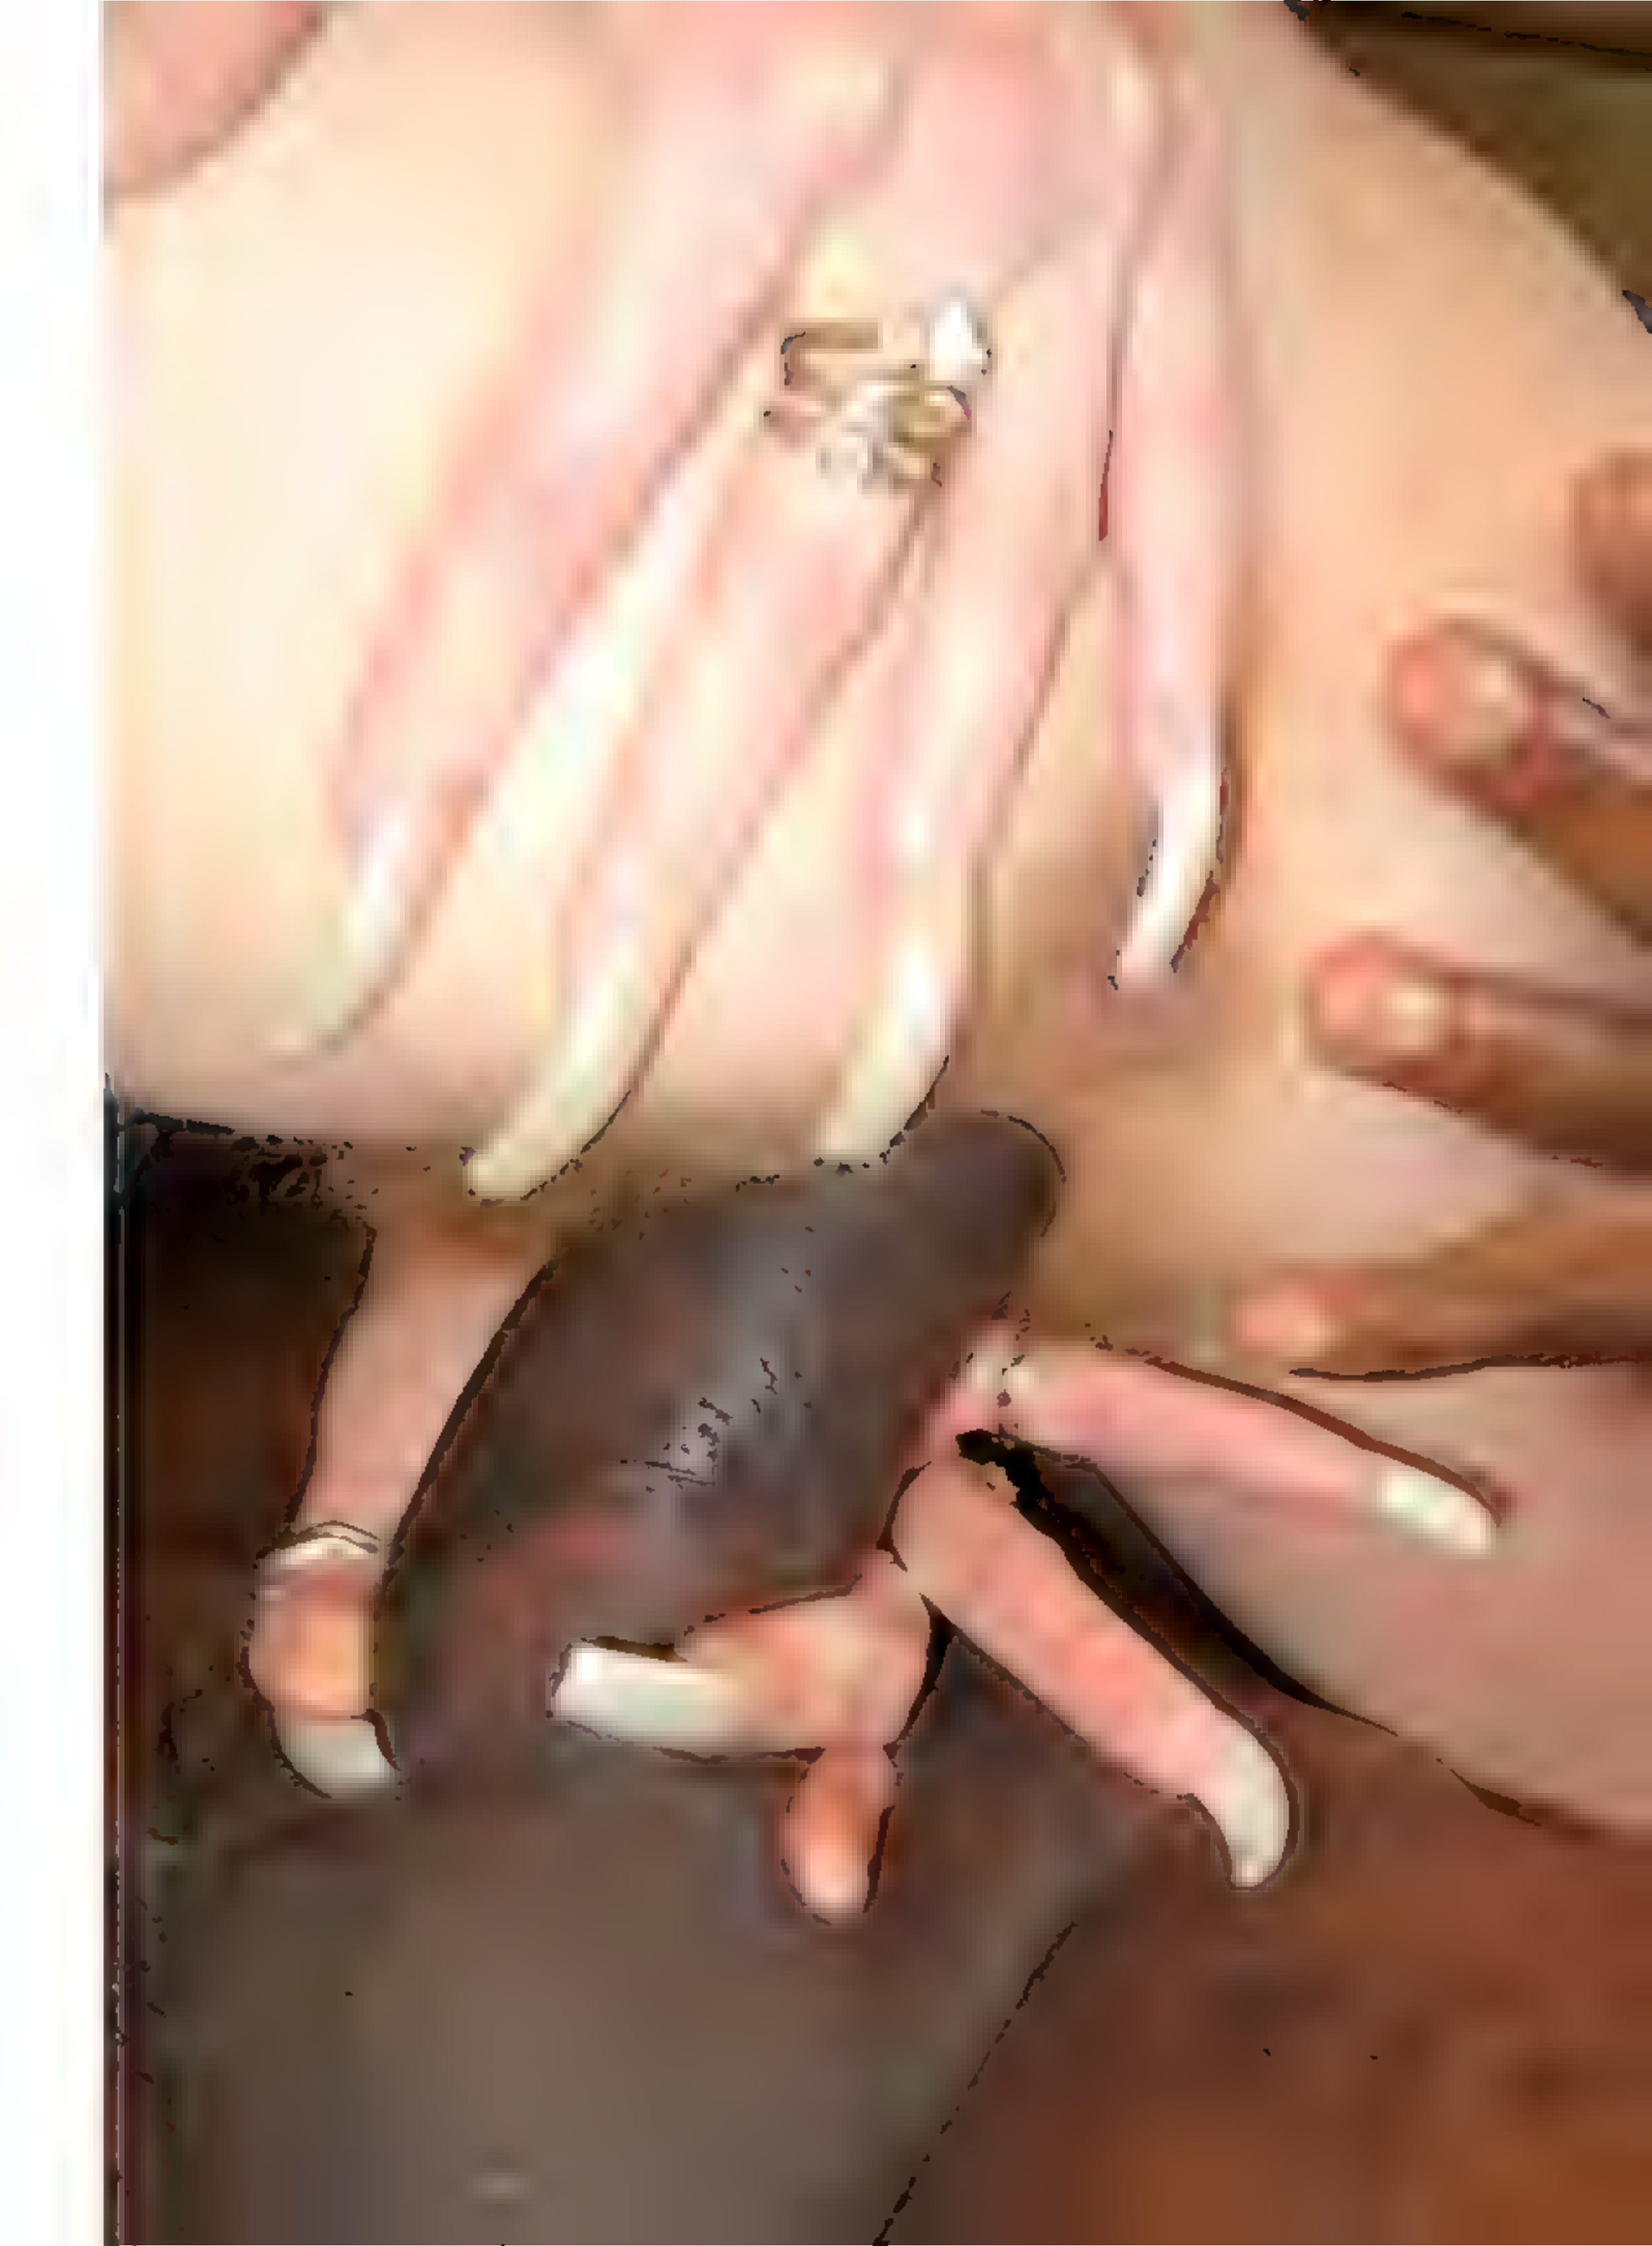

I know that Edward wanted to say goodbye to Todd, but he had to get going and my husband was still asleep. I told him that Todd would understand and that I was sure they would be talking again soon. I walked Edward to the door and said goodbye with one last kiss. He tasted of coffee and I tasted of coffee and cum. After my husband awoke, I told him that Edward had to leave, but I failed to mention his going away present! Edward knows that he has a standing invitation for a return engagement and Todd and I are making plans for it to happen again soon. Now, what can I give him?
